إِنَّ اللَّهَ وَمَلَائِكَتَهُ يُصَلُّونَ عَلَى النَّبِيِّ
يَا أَيُّهَا الَّذِينَ آمَنُوا صَلُّوا عَلَيْهِ وَسَلِّمُوا تَسْلِيمًا

At next Sunday and the night to Monday
the celebration of the Prophet's birthday will
be shared all over the world. Fireworks will
light up the sky and people will be happy.

The majority of scholars proclaim that the
reward for the remembrance of this day is
very high.

And Turkish Muslims keep the sense of it,
and those from Panjab, Bangladesh, Malay-
sia and others also are aware of the import-
ance of this remembrance.

But some Muslims from Arab countries —
perhaps under the influence of Wahabiyya
— have lost the sense of the importance of
this day — unfortunately.

We should be aware of this special blessed
event all over the world, the birth of Habi-
bullah ﷺ. It is a miracle.

We should praise the Prophet ﷺ, as the Ko-
ran mentions: „God and His angels shower
their blessings on the Prophet. O believers,
you should also send your blessings on him,
and salute him with a worthy greeting.“
