*Allah ,Azza wa Jalla says (24:31):
And turn all of you to Allah in remorse.*

*Men are sinful. Allah created them in this way.
And He promised to accept their repentance.*

*„If you commit a sin, do good afterward,“ says our
prophet .*

*If you do right after your sin, it will remove your wrong.
It will not remain a sin.*

*Allah says: „I created you to sin and repent.
If ye cease to sin and repent, I will create
other beings to sin and repent. So much
I love to forgive.“*

*This applies not only to Muslims,
but to all people.*

*They should repent and return to Allah
so that their injustice is removed.*

Allah forgives when they ask for forgiveness.

*But if you do not ask AllDh for forgiveness,
He will cause you all kinds of hardships and
difficulties.*

*He lets the people in dunyD
taste of it before Dkhirah.*

*Evil brings nothing but evil.
And good brings good.*

*All nations of the world, billions of people,
are now afraid of this disease and wonder
where it comes from. – From AllDh.
It all comes from AllDh. AllDh didn’t
give it to you as a reward.*

*He gave it to you because of your
craziness, so you’d remember him.
When you’re punished, what do you do?
You repent so AllDh will forgive you.*

*May AllDh take this misery off our shoulders.
May AllDh forgive us. May AllDh protect us.
May there be no punishment for us.*

*When we repent and ask for forgiveness,
AllDh ,Azza wa Jalla turns our sins into thawDb.
Therefore, it is our good fortune to be Muslims.*

*Mankind does not know this. They believe
that those who live in Europe and America
are happy ones. No Happy are those who t
urn to AllDh. Happy are Muslims
who believe in AllDh.*
