Not to kill even an Ant

Dastūr, yā sultān al-awliyā’, madad, yā rijālallāh.

*A’ūdhu bi-llābi mina sb-shaiṭāni r-rajīm,

from clay. It was a perfect creation, but it was only lying and when He looked at it it was only a clay form, never moving, never seeing, never speaking, never hearing: it was like a statue.

When Allah Almighty wanted it to stand up and do what it had been ordered to do, He gave from His holy breath; breathing, blowing our spirituality into it. He gave us spirituality going from the head down, and it entered that form, and anywhere that the holy breath of Allah Almighty reached, it began to look, to see, to hear, to listen, to

People think that it is from the care we take for eating and drinking that our bodies remain fresh and strong. This is not true. Material is something without life; it belongs to our physical being from earth. And firstly Allah Almighty created our form

O people, fear Allah! He may do everything! Where is your technology to bring rain, if Allah Almighty keeps His Mercy from appearing? If He stops the rains – what can your technology do to bring rain?

They say: “Wells are dry now, wells are going to be dry!”

Allāh Allāh! – And sometimes it was going to be for several years.

And I know some knowledge about Mahdī عليه السلام, the saviour of mankind, Mahdī عليه السلام and then the saviour Sayyidinā Jesus Christ: Before they come there should be a draught. I am fearing this and hope that it is not to be, but it must be, because Mahdī عليه السلام must come! And Jesus Christ is waiting in heaven asking to come down. By His Lord’s order, not by

his own order, no! He is looking and seeing what Christians are doing with Christianity and he is so sorry, seeing people celebrating New Year. He was so sorry that he didn’t want to look: “Oh, those people who think that they are following me, do you think that I have ordered you to make New Year or Christmas? What is that!” He is sorry, and crying – but people are drunk.

May Allah forgive us!

O people, come and accept the truth and reality to be under heavenly protection. If not, you should be taken away.

May Allah forgive us – for the honour of the Seal of Prophets, most praised, most glorious servant of Allah Almighty, Sayyidinā Rasullullah ﷺ, Fātiḥa. ♦

The new year

MAULĀNĀ SHEIKH NĀZIM AL-ḤAQQĀNĪ, Lefke, Cyprus

Last *Ḥum’a Khutba* of Dbu l-Ḥijja, ~ 23rd Dbu l-Ḥijja 1427, 12th January 2007

O people, we are just reaching the end of 1427 in the Islamic calendar and next week, *inshā’ allāh*, we hope to reach a new year in the Islamic calendar, Muḥarram. Allāh Almighty honoured *Muḥarram al-ḥarām* with such an honour that other months were never granted.

O people, take care! O people, don’t be cheated by the fact that the majority of people are running the wrong way and swimming through sewage channels into which they are jumping and enjoying themselves!

O people, try to be clean ones! Try to be from clean ones, because only clean ones are going to be saved on Judgment Day and only clean ones are going to enter Paradise.

O people, try to keep the heavenly orders of your Lord Almighty Allāh. If not, His punishment will come with His Divine Anger to take revenge from those people who are denying Him and who say: “There is no God.” But although Allāh Almighty is patient the days are coming now in which they should be caught and punished!

O people, don’t be cheated by the fact that the majority of people are running, and swimming in dirty sewage channels. Take care and try to be from clean ones. Clean people are the only ones who follow prophets. And the Seal of Prophets came to guide people to the clean way, the way of Paradise, the way that reaches Allāh Almighty! May Allah bless you and forgive us! ♦

speak, to move. That beginning began with that holy breath.

That means: The power that gives our material being life and the ability to stand up, belongs to Heavens, it is not something from our material world, no. The material world gave us our clay form, but our real being stands up with that heavenly blowing from Allah Almighty.

But people in our days never think about it. They think that our material being, that is our physical being, may stand up by eating and drinking. Because they think so, on every occasion they are asking to support their physical being by material means.

And doctors do not use anything from heaven or from our spirituality to cure our weaknesses or illnesses. That is wrong, that is a big mistake. In our days atheist ideas are reaching everywhere. Everywhere they teach atheist ideas and it is so wrong! So that now they are not able to bring peace to people, or to bring solutions to the troubles of mankind, and they are not going to be able to bring comfort and confidence and satisfaction and peace amongst mankind.

No, because they are not using heavenly power, heavenly grants which Allāh Almighty gave us. They say: "That is useless; we can do everything by material means." That is the biggest mistake of mankind, so they are falling into endless troubles, personally and generally, on a personal level or communal level. They are not able to bring any peace to people. And wherever you look, people are in trouble. They are not happy, because they have so many troubles, and materialism and atheism are not able to take their troubles away.

That is a very important point, because they deny everything about spirituality. They say: "No spirituality."

I was in New York, several years ago, and at a suitable time we went to see the UN building. There was someone at the door and she escorted us inside and we went in. And some of our brothers said: "O Sheikh, we didn't pray Zuhr yet. Let us pray in a corner inside the building, and we shall follow you."

I said: "Doesn't matter, go!"

They began to pray and two guardians who were like polar bears or forest bears, rushed over to them, and attacked them, saying: "What you are doing? Get out! Don't you know that in this place there is no Allah?"

I said: "*A'ūdhu bi-llāh, a'ūdhu bi-llāh, a'ūdhu bi-llāh!*"

Those people want to bring peace and solutions to mankind? Those people – tuuu [the Sheikh is spitting] on all of them! – cursed people! And those going in are also cursed! And people think: "Ohhh, United Nations, they are making decisions, doing this, doing that." Ohhh! United Nations, they are with Shayṭān, not with Allah!

The United Nations, in Arabic Jam'iyati l-Aqwām, began in Geneva, Switzerland, when I was born. And at the age when I could understand something, newspapers used to come once every fifteen days. 1925 up until today – how long is it? 80 years? – for 80 years this United Nations has been coming together and discussing and arguing and quarreling and fighting inside and outside. Up until today I never heard that the UN brought a solution for any problem, or for any trouble. But they are making small troubles to become big troubles. That is because they worship Shayṭān!

I left the building very angry cursing them and I was happy to get out.

I am sorry that Arabs and Turks and Iranians and Pakistanis, Egyptians, may be all together 45 states, are members of such

a cursed place! What shall we say for such a Jam'iyat? How can you expect them to bring something for the benefit of mankind while their teachers, their guides, and their leaders are Shayṭāns?

Look, what is happening now! Men are eating men, men are killing men: the most cursed sin is to kill a person for no reason! Sharī'at never gives permission to kill even an ant, if it does not give trouble or harm. Because He created everything on earth; our Creator is Allah Almighty, He created ants to live on earth, scorpions, snakes, lions, birds, fish ... countless kinds of creatures He created to be on earth. Until one of them gives trouble, Sharī'a says, without reason, you can't kill it!

Where is humanity, mankind, who are the cream of creation? Cream comes to the top of milk when you boil it. Mankind are chosen in the creation, the most precious creatures – how can you kill them? Especially, how can you kill innocent people? And the Prophet said, peace be upon him, that Allah Almighty's anger will increase with those tyrants or oppressors who are killing without a reason, women, children, old ones and praying people and animals also!

21st century people have lost their way, therefore Divine Anger is approaching now. When Divine Anger knows who are the oppressors, they should be taken away!

O people, keep the rights of humanity! Keep the rights of mankind, give your kindness and mercy and pity to creatures, particularly mankind! Try to give life, don't try to kill! Make people live, don't make them die! That is humanity! That is what Islam brings to mankind! The last message from Allah Almighty: "Make people live, make people safe, make people happy, make people to be in peace!"

That is Islam, but Shayṭān is changing, changing, changing, making Islam such a hated way. But they are all wrong! Therefore I am never happy that the Islamic world is following western countries! The first punishment therefore will come on the Islamic world and you can see that fire is burning in Islamic countries now, because they are not following heavenly orders!

May Allah forgive us!

O people, come to real Islam and keep yourself! Don't escape; anyone who tries to leave, should be shot down, should be killed, should be taken away!

May Allah forgive us! Ask forgiveness: *Astaghfiru llāh, astaghfiru llāh, astaghfiru llāh!*

Now look: The whole world this year is dry as a sign of Divine Anger. Draught is not a sign that Allah is happy with His servants, no! He is not happy with His servants, with what they are doing. Therefore He is closing down Mercy Oceans so that they don't come from heaven to earth and everywhere now they fear draught!

They think: "Yes, sometimes such a draught happened"; so many times it is written in our holy books, that that is what happened. Even some knowledge is reaching me from old books, from Awliyā's, that people were in such a bad condition that they went around cemeteries and tried to open some graves, thinking that: "This one has been buried recently, we may find some flesh to eat on that dead body ..."
