HALA SULTAN TEKKE
UMM HIRĀM BINT MILHĀN

BY KHADIJAH TARA KHATCHATOURIAN

Umm Hirām's example reflects in the restoration efforts that the Cypriot Greeks and Cypriot Turks were able to accomplish here since 2001. Together they constructed a peace that is borne from man to man when there is respect and a common objective.

They completed the restoration of the tomb, masjid and minaret which had excessive damage from the mixture of aggressive coastal environment, insect manifestation and water penetration caused over time. Improvements were also made to our built

their wives kept them cool and from participating in the heated battles between the groups already there.

When Umm Hirām died, the group buried her that day as the practice in Islam is to bury the dead quickly. The following day they saw the three rocks they had seen in the desert at the Christian man's rock quarry that he had gifted to Umm Hirām, now surrounding her tomb! One embedded itself into the ground at her feet, another one at her head and the other fell finely suspended in the air above her tomb ... this is a miracle from God Almighty to all Believers and has been documented by the Danish explorer Cornelius van Bruyn in 1683. When the people saw this, they knew this was a Holy Place!

Umm Hirām had died here as a *shahīd* which in Arabic means witness. The Christian man who gave her the rocks loved her because he saw the Lights from God on her, around her and in her. When God loves you, everyone loves you! She died as a witness for Islam bringing the Lights of its truth which is Peace.

UMM HIRĀM BINT MILHĀN

The Hala Sultan Tekke has long been a characteristic landmark on the Larnaca skyline testifying to her own remarkable history as a witness to a multicultural heritage making Cyprus a place where east meets west. Hundreds visit Umm Hirām weekly from all over this world!

According to stories told by foreign travelers visiting Cyprus between the years of 1680-1767, there was a tomb which was known as "the old woman's tomb" attracting all believers to this sacred place. [...]

Forgive us and bless our souls so that we are always in Your Divine Presence! Not to be on earth, but to be in Heaven! We are forcing our souls to be on earth but our souls are asking to rise up through the Heavens. That is our struggle! Fighting in ourselves. Everyone – *dastūr, yā Sayyidī* – is fighting within themselves. And there is fighting between people, but really everyone is fighting in himself, in herself. If your spirituality is victorious in the struggle, then peace will come to you. If not, it is impossible to reach peace in yourself, and if people are not becoming peaceful in themselves, they are never going to be in peace amongst other people.

The Heavens are asking our spiritual being to reach its heavenly stations, our material being is asking to keep us on this world, on the material world. Therefore there is no peace. There will be no peace as long as we are losing that fight and our egos are running to be happy on earth.

If they are running after this material world, it is impossible to reach heavenly stations. Heavenly stations are asking you to reach your private station. As everyone living on this planet begins their days as workers, then, when sunset comes, everyone wants to reach their homes, because Dunyā has made them tired; and they want to take a rest. And our real being also becomes tired of the attacks of our egos. Our egos are attacking ourselves and making us tired. And Allah Almighty is teaching His Prophets and the Prophets are teaching common people how they should be happy and at rest. This has been received through heavenly Messages, through the Prophets. If you are not following the Prophets and following the directions of Heaven that are correcting your lifestyle, you will never be at rest.

Yes, Allah Almighty has created man and sent him to this planet and He has put in place a program for our lifestyle. We have a

program. “Eh, Sheikh,” I am asking, “what are you doing?”

Mr. Firdaus is saying: “I am a programmer.”

“What program are you making?”

“I am making a program for people to go to Jakarta and then to Malaysia, and then to Burma, then on to Singapore, then to go to China ...” – where that [earthquake] happened. That is just programming for people. That is nothing! That is such a program that is not a heavenly program!

But everyone has been granted a program for the running of their lives, but people are throwing that program away and Shayṭān says: “Come to me! Leave that, it is not a real program. Your life program is with me, follow me, follow me! I shall take you to an area where you should find your best program, the best lifestyle program. You should be happy there, very very very happy and full of pleasure! Come and follow me!”

What do you think about people now? All of them, maybe 99 percent and more, are following the program of Shayṭān!

“How are you, Sir? Are you happy?” I am asking.

“Oh Sheikh, where is that happiness?”

“I think that you are a billionaire!”

“Yes Sir, I know, but my billions are never giving me rest and peace and happiness and pleasure in myself ...”

If all of you were billionaires do you think that you would be happy? Are people happy now? I am asking all people throughout the East and the West! I am the weakest servant, I am zero, nothing, but I am asking all nations, all people: “Did you reach what Shayṭān promised you? A perfect life, full of pleasure? Do you think that people living in the 21st century, have reached that pleasure and high lifestyle? I am asking! Give an answer and don’t lie!” No ...

Therefore time by time heavenly warnings are coming, for instance an earthquake – *Al-*

labumma akbfadnā! An earthquake, or – what is this turning? – cyclone ... another name ... hurricane ... tornado ... as a whip, to make people wake up. Wake up, oh people! Whoever is living on this planet, wake up and look and try to see reality!

I hear that people are saying now: “Oh, nature has gone out of balance, oh Sheikh!”

“What happened?”

“You didn’t hear what happened in Burma or in China or in Turkey ...”

Turkey is a kind of flying hen, a big hen. Do you know it? It is always thinking, not speaking, very silent ... They say, “Nature has lost its balance, therefore such things are happening and mankind is not able to save itself from these attacks!”

But they are still not coming to say: “The Lord of Heaven, your Creator, our Creator, is warning us and He is saying: ‘Oh My servants, wake up, wake up! You are on the wrong way, wake up and come back to Me! Follow me, don’t follow Shayṭān!’”

They are saying: “Oh, nature has lost its balance ...” But still all nations have not yet come to say: “Oh our Lord, our Creator, give us Your Forgiveness and send us Your blessings!”

They will not say this, they are such proud people. Such proud people! They never want to say, “We have been created. The Lord of Heaven and earth, the Lord of Creation, is doing everything!”

Nations and governments are not yet coming to make that declaration, and they are running on one side and another side and they will become mental house patients. A little bit more cursing coming on earth, people are going to be crazy ones – they should lose their mind, they should lose all of their feelings!

Oh people, oh mankind, everyone who is living throughout the East and the West, come and say: “Oh our Lord, You created us, give us Your Mercy and save us, save our spirits, souls!”

People time by time, if some emergency is happening, they send out their “SOS, SOS ...” Do you know SOS? What does it mean? Save our soul. Yes, they know it. But they are not calling to Allah! They send that emergency signal out saying “SOS”, and people ask: “Where are you?”

“We are in the huge waves of an ocean, save our souls, save our souls!” They don’t say: “Oh our Lord, save us”, they don’t send a message to Allah, but they send it to people: “Send us a plane, a helicopter, a submarine, send us a huge ship to save us, because our souls are going to finish, we are going to lose ourselves!”

But why don’t you ask Him to save your soul, who created you and your soul? But people they are drunk! May Allah forgive us!

It is enough ... May Allah send us some of His special servants, who are able to carry people after themselves, who can make people follow them with their high spirituality. Oh people, ask such people to save yourself, your souls and your physical being.

For the honour of the Seal of Prophets Sayyidinā Muḥammad ﷺ ... *Zidbu, yā Rabbī, ‘izzan wa sharafan wa nūran wa surūran wa riḍwānan wa sultānan, bi ḥurmati l-Fātiḥah ...*

I was so tired, at the point of zero, but the orders from our Masters made me address you, to tell you what they wanted me to say, to inform people. We are speaking to make people become awakened. I am not a lecturer, no, it is something that is coming from our heavenly Masters through our heart. And we are speaking on the lowest level; our program is always on the lowest level so that everyone may understand something, because if we are going up a little bit, no one can understand. May Allah forgive us!

For the honour of the most honoured one, most glorified one in His Divine Presence Sayyidinā Muḥammad ﷺ,

Fātiḥah. ♦
