

May Allah forgive us.  
 I hear what is happening. And sometimes also I am looking at what Shayṭān is doing around yourselves. I am warning everyone not to follow satanic ways and telling them to follow heavenly orders. You are young and clean; live cleanly and leave the world cleanly and you should be with clean ones on the Day of Resurrection.

## Trouble Makers Are Not Accepted In Islam

MAULĀNĀ SHEIKH NĀZIM AL-ḤAQQĀNĪ, Lefke, Cyprus,  
 Sohbet after Jumu‘a, ~ 8. *Rabī‘a th-thānī* 1430, Friday, 3rd of April 2009

*As-salāmu ‘alaikum.  
 A‘ūdhu bi-llābi mina sb-sbaitāni r-rajīm, bis-  
 mi llābi r-rahmāni r-rahīm. Lā ḥaula wa lā quw-  
 wata illā billābi l-‘aliyyi l-‘azīm.*

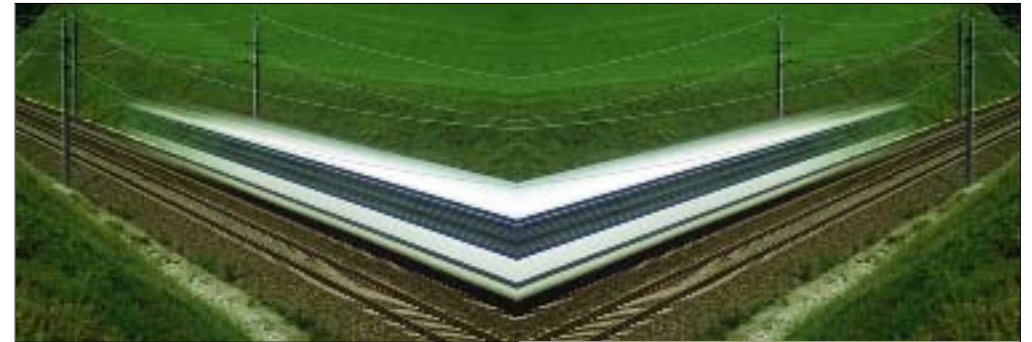

**O**h people, we are all servants of our Lord. *Madad, yā Sulṭānu l-‘Awwliyā’, madad, yā Rijālallāb.*

Always ask for spiritual support from servants of the Lord. But people are trying to find material support. Material support

never gives you anything here or hereafter. We are all servants of the Lord of Heaven and we are in need of heavenly support, spiritual support. This is most important for mankind, but now they are heedless. They are drunk! They are becoming drunk on the material world which they are running after to fulfill their wishes, but it is nothing. Everyone is drinking from Dunyā, and the drinks of Dunyā are making people drunk. And drinking is carrying people from bad

to worse, and from worse to the worst and therefore people now are not only drunk, no, being drunk was yesterday. But today and in the coming days people are becoming crazy. Craziess is affecting all people from East to West.

You may look at what people are doing. They are doing so many things that a sane person would never be happy doing. So many events, so many things are happening and we say: "Why are they doing this? A person with a good mind couldn't do this. Only someone who has lost his mind and his good will can do such things!"

How can it be acceptable for a person to go to a place full of innocent people and blow himself up! Putting explosives on himself and killing himself and at the same time killing so many innocent people! How can that person be called sane? He must be a *majnūn*, a person with no mind. How can people kill each other? How can they run in the streets like wild animals, shouting, destroying, burning, harming people, harming cities? What is that? In which book are they learning such things?

Oh people! Those who are harming mankind are followers of the way of Shayṭān. Their teacher is Shayṭān. But they are insisting to follow that way in the name of progress: "Now we are more civilized people." "Tu" on their civilisation. "Tu" from today until the end of the world on such a civilisation! They must be taken away! Ask your Lord, because those beasts are harming everything, even creatures as small as ants. They must be taken away.

Therefore we are saying that people now are not only drunk, but they are crazy no mind people. They are trying to destroy everything. In whose name? In the name of Shayṭān. Allah Almighty wants to prevent bad things. People living on earth now are against Islam. They are beasts, no mind people. What does Islam say? "Don't harm

anyone, anything." This is one *ta'ālīm*, one order in Islam: "Oh people, don't harm anyone! Beginning with yourself; don't harm yourself or anything else."

That is a sentence of wisdom and it is enough to give Islam the highest value, because it has this unchangeable order: "Don't harm! Don't harm people, give everyone's rights!" But now all people living on earth are against Islam. For what?

Is Islam ordering people to do such terrible things? I am very sorry that people are using mosques and doing such wild things that beasts wouldn't do. This is not Islam, they are not Muslims, no! Their final destination should be hell. Allah never orders people to do harm, to harm anything. That is an Islamic principle that can save everyone if they are listening. Don't harm yourself or anyone around yourself. Even if someone is harming you, don't harm them! Leave that person to be a beast! Islam never accepts its followers to be beasts! *Majanīn*; people now have become no mind, crazy, foolish idiots who need to be put in mental-houses.

Therefore they are afraid of Islam, because Islam is coming with the sword now! Non-Muslims never accept that Islam came with a sword. Yes, Islam came by the sword, because so many beasts had to be killed! Now Islam is standing in its station and looking at what Shayṭān is doing with Non-Muslims.

Every trouble comes from Non-Muslims. Islam is so pure, so sweet, so wonderful! It takes people from the lowest position to the highest position. That is Islam. But if there are dragons, Islam can use the sword! Now Islam is keeping its sword and letting those beasts, who are not Muslims, to burn themselves and kill themselves. Leave them! But it is not good – oh oh oh ... for Muslims to make trouble. Islam condemns trouble-makers. They are never accepted! Trouble-makers must leave communities! You must clean your community from beasts, from dragons,

from serpents, from snakes. All of them are harming people. Islam is never happy to let such people have a chance. But now Islam is only watching and Allah Almighty is saying: "Oh Muslims, keep your positions and I am going to punish those beasts. They will be punished by themselves."

May Allah forgive us.

Oh people, listen and understand. Understand and keep the way of Paradise, the way of Heaven. We have been created for that! Not to be foolish crazy idiots. Islam is ordering its followers: "Keep the ways of Heaven. You should reach – HUUU! – the Mercy of Allah and His Blessings, if you keep yourself. Oh people, don't follow shayṭānic ways!"

I have heard that some young people are running in the streets after 'Ishā. I am not happy with that. What I am saying comes from the Commands of Heaven. Don't follow Shayṭān and shayṭānic ways, you should be happy here and hereafter. Don't be enemies to each other. And keep respect for each other and keep what Allah Almighty has given you from His endless Mercy Oceans. Be thankful to your Lord and ask for His Forgiveness.

It is not right for youngsters to go out after 'Ishā. After they have prayed Ṣalatu l-'Ishā and they are clean, Shayṭān says: "Come and follow me. Come, we are going to enjoy ourselves with young men and young women!" This is not right. If those who are coming here are insisting not to listen to the Holy Commands, I have some ways to deal with them. Then they should regret what they did. But being sorry is not good.

Oh young ones, keep yourself, because Shayṭān is chasing after you. Keep your honour and keep your respect for the holy Commands of Allah Almighty. And keep Allah Almighty's Blessings on you. If you don't listen, heavenly Blessings will leave

you and you will get into so many bad situations from which all people living on earth can't save you, won't be able to reach you.

Oh young ones, oh young ones! It is an honour for you to follow the way of Heaven. But Shayṭān is so desperate to make young people to fall into the fire, to lose their honour in the Divine Presence.

Oh you who are coming from far distances! Shayṭān has dirty places and dirty followers everywhere. This is a clean place and Shayṭān is always trying to carry even one of you away and make you follow him. No, keep your honour, keep your honour. Young boys and young girls are coming, yes, I am not preventing them. But you must ask what the heavenly Orders are for children. Ask what is *ḥalāl* and then you may establish your life and you may be people of Paradise. First of all prepare yourself to carry the responsibility of marriage. You must know it, then you must ask. If it is okay, if the Sharī'a gives you permission, and there is an agreement from both sides then you may get married. If not, you should be unhappy and you will be thrown into the fire.

### Expected Paraclete

The Expected Paraclete will *inshā'Allāh* be published 52 times a year by Spohr Publishers Ltd, Dali, Cyprus in connection with the new podcast with Maulānā Sheikh Nāzīm al-Ḥaqqānī »Before Armageddon« [www.before-armedgeddon.com](http://www.before-armedgeddon.com).
