

more, something more for your souls so that you may reach those never ending levels. And every level is enough for a person for eternity, but the Lord of heaven is always giving more and more. Today we are here, but when we close our eyes everything will be finished.

Oh people, don't waste your lives for nothing, for nothing. Finally they will take us to the cemetery to bury our bodies. Our souls then should be called to the Divine Presence to see and to know what they did and what they left.

May Allah forgive me and you also and may He give you many more blessings so that you may understand and day by day be a good person. We must try to be better today than we were yesterday and tomorrow we must try to be better than today.

May Allah grant you here and hereafter from His endless Mercy Oceans and from the glory of His most glorified servant Sayyidīnā Rasūlullāh ﷺ,

Fātiḥab. ◆

Try To Know Your Lord's Power

If Allah Almighty wishes to do something, it will not be difficult for him, He is Almighty. *Ṭarīqatuna sobbet wa kbairun fi l-jam'iyya.* This is our way. We are Naqshibandi, *al-ḥamdulillab.* Allah Almighty has granted us the honour of being followers of the most distinguished Naqshibandi-order. *Allabu qādirun.* Allah Almighty is able to do everything. He only has to say

to something be and it will come into existence.

Oh people, what do you think? Do you know mosquitos? Do you know? Don't sit like drunk people in front of me! You must hear what we are saying! I am not claiming to be an *'ālim*, a knowledgeable person. I am only the weakest servant for those distinguished servants of Allah Almighty. The most distinguished servants after the prophets are the *ṣaḥāba*, disciples. The *ṣaḥāba* are the prophet's companions. Listen, if Allah Almighty wants to hang this world on the wing of a mosquito, He can do it! Haha! Did you understand? And he may tie them together using a hair of your beard. He may attach the whole world to your beard hair and hang it on a mosquito. Do you believe this? He can do anything.

He is Allah – *jalla jalālubub*. You must try to learn about your Lord's power and his potential to do anything. Anything that may come to your mind or through your heart. You can't reach beyond that which He is able to do. Hū Allah! People are going to be punished, because they don't want to know about Allah Almighty's power and ability. He is able to do anything beyond your imagination. The biggest mistake for mankind living on earth now, is not to think about who their creator is.

Qādiru, muqtadir. He is able to do everything which you can imagine and which is beyond your imagination. He is able to do

anything, Allah, the Great. You must try to understand this. The Last Day is the Day of Resurrection, the Day of Judgement. And everything you did from goodness and everything you did from badness will be weighed in the Divine Presence and He will look at that balance.

From traditional knowledge we know that if two raka'āts from the Seal of Prophets Sayyidinā Muḥammad ﷺ, Sayyidina r-Rusuli l-kirām, [Maulana stands up] – were put on one side of a balance and on the other side were put the servanthood from his whole nation together with all other nations – the two raka'āts of the Seal of Prophets Sayyidinā Muḥammad ﷺ would be heavier. You may try to imagine how it could be that two raka'āts are heavier than the servanthood of all nations. How can it be? It is a very very difficult point but a very important one and man must try to know something about their Lord. Yes.

The Seal of Prophets, the most glorified servant in the Divine Presence, is that one. How can two raka'āts possibly be heavier. Because no one knows as much about the greatness of our Lord Allah Almighty! [Maulana and everyone stands up]. And praying is a sign of a servant of the Lord.

Some bring water in a pot made from earth. Some of them bring it in such a glass, and some bring it in nylon cups, plastic. The water is taking its value according to the cup. No one knows about the Lord of heaven and earth and the Divine throne like the Seal of Prophets. The prophet's *ta'zīm*, respect, towards his Lord is according to his knowledge of the greatness of the Lord, of Allah. Therefore his respect in the Divine Presence is according to his *ma'rifat*, knowledge, about his Lord.

Therefore, oh people, your value in the Divine Presence is only according to your knowledge of the greatness of your Lord

your Creator. Now people in the East and the West, in the Muslim world and the non Muslim world, are not taking any care to know about the greatness of their Lord Allah Almighty.

I am sorry and ashamed that mankind is doing so many bad things because they are not giving real respect and they are not running to know about their Lord's power and greatness. All curses are reaching people because of that point. Therefore oh people, *ma'rifatullāb*:

* * *

Asta'ūdhu billāb: wa mā khalaqtu l-jinna wa l-insān illā li ya'budūn [51:56] – eh, li *'ārifūn*.

* * *

Allah Almighty says, “I have created men and jinn only to obey Me, only for My servanthood.” That is the most important mission of mankind, to give their highest respect to their Lord Almighty Allah.

And I am sorry to say that even in the Islamic world people are only trying to find out how they can make more and more money, Dollars, Dollars, Dollars, or Euro, Euro, Euro, or gold, gold, gold. They are making gold into their god, daily. And it will become their God. They are running after gold but not running after the creator of gold, Allah Almighty.

Oh people, therefore sometimes they are making me speak. I am not collecting such things from books to come and speak to you, but our masters are giving something according to the level of our understanding. If anyone reaches something from such a speech, from such an occasion, they should be the happiest person here and hereafter.

Forget about running after this world and its treasures. All of them are like figments of our imagination. When you close your eyes they are gone. And the day will come when we close our eyes and they won't open again. Oh people, when you

المقتل جلاله جل

close your eyes another world will come into your sight, and you will see what you did or what you didn't do in your life. And you will repent, but it won't make any difference. Oh people, give more time to your Lord and His Divine existence, try to know more and more and there is no way to know about your Lord's identity without reaching to the Prophet. He is specially selected Sayyidinā Rasūlallāh ﷺ. Through his way you can progress, but you can't reach the Seal of Prophets without reaching someone who is already in a relationship with Sayyidinā Rasūlullāh ﷺ. You must look for such people. Then they should be able to show you something else, some other levels. After they show you one level there is another level, then another level, then another level, and there are endless levels leading to Allah Almighty's Divine Presence.

Oh people, welcome to you, you have come from far away. Allah bless you. I am a weak person but I have been ordered to make association with people. Don't blame me when I am saying something that it is difficult for you to understand or when I get angry and swear at everyone here. Heh, don't blame me.

May Allah forgive us.

May Allah give you from His endless Mercy Oceans and blessings.

Be happy and you must try to have an *arzu*, a desire, you must ask for something
