Peace Comes Only With Sultans And Kings

MAULĀNĀ SHEIKH NĀZIM AL-ḤAQQĀNĪ, Lefke, Cyprus,

Sohbet after Jumu'a, ~ 22th *Rabi'a ath-thānī* 1430, Friday, 17th of April 2009

A *s-salāmu 'alaikum!* Welcome to you. You have travelled long distances to come here. You are not coming by yourselves, but you have been sent here and this is a humble place. May Allah grant you from His endless Blessings. And we are saying:

A'ūdhu bi-llābi mina sh-shayṭāni r-rajīm, bismi llābi r-raḥmāni r-raḥīm.

You must know who is your most dangerous and terrible enemy. If you don't know you can't be safe here and hereafter.

Meded, ya Sulṭānu l-Awliyā', meded, ya Rijālallāh.

We know nothing! And people don't want to know or to learn something. They are learning only what Shayṭān teaches them. Shayṭān is teaching them not to be good servants of their Creator, the Lord of the Heavens. Shayṭān is saying, "No, I am not worshipping and I am free. If you want to be free like me then follow me!" And people are asking, "How can we follow you?" And Shayṭān says, "Follow me and always try to be followers of your ego. Whatever your ego is asking for try to fulfil it and you should be free."

He is saying that he is free from the East to the West, from the North to the South, amongst Arabs, amongst Turks, amongst Russians, amongst Americans ... "Look, I have a free passport. I am free, I can come and go as I like. Try to be like me so you can go anywhere you like. You should be so happy. Follow me!"

This is Shayṭān's teaching, because he is the most terrible and dangerous enemy of mankind. He thought that he should be number one in the universe, in the heavens, on the earth. And so it was praying very hard trying to be number one amongst creatures, so that no one was above its rank. But when Allah Almighty created man and gave him the highest degree, the highest honour amongst creatures, Shayṭān was so unhappy, so jealous. He said, "Leave me, oh Lord of Heaven, to be with them until the Last Day. Let me be free and do as I like with those creatures who You have created and honoured to be Your caliphs, deputies."

And the Lord of Heaven said, "I have granted that to you. Look, I am giving power to My deputies. If they use what I give them, no one will follow you. If they don't use what they have been granted from the power of being deputies, they should be donkeys to you! If they don't accept to follow My Seal of Prophets through whom they have the power to know and do their

best, I will leave them to you. Use them as your donkeys."

And Shayṭān was sooo happy, so happy! And if mankind, who has been honoured to be the deputy of Allah Almighty, are not using what He has granted them, then Shayṭān will ride on them and make them its donkeys.

Now in front of mankind are two possibilities. One possibility is the grant of their Creator: to follow His Prophets and give their highest respect and accept to be servants in His Divine Presence. That party should be rewarded here and hereafter. But another group of mankind, who don't accept to be servants in the Divine Presence of their Creator, will be taken by Shayṭān, "You come, you come, you come ..." He is collecting thousands, millions, billions of people and saying to them, "Come with me! I am making you free of everything. Follow me and enjoy yourself, don't listen to anyone else. Follow me and enjoy yourselves!"

Therefore most of mankind have been deceived. And they think that when they follow Shayṭān, they will be happy or they will reach the highest civilisation.

Those people, who don't accept to be honoured servants of their Lord in His Divine Presence and are donkeys of Shayṭān, are so happy and proud that they are free to do everything. As countless men now believe in this dirty life and say, "Now we have reached the top point of civilisation."

Men are using men, women are using women. Men are trying to be like women, women want to be like men. And this is the top point of their civilisation! That is making divine anger fall on them with heavenly cursing. Now look, in the East, in the West, everywhere there is trouble. There is killing and burning, and no one is happy with their position. They are asking for something that is impossible to reach. They believe in Shayṭān, but not in the Prophets.

عن عبد الله بن مسعود رضي الله عنه عن النبي صلى الله عليه وسلم قال: « لو لم يبق من الدنيا إلا يوم لطول الله ذلك اليوم حتى يبعث فيه رجلاً مني - أو - من أهل بيتي ، يواطئ اسمه اسمي ، واسم أبيه اسم أبي يملأ الأرض قسطاً وعدلاً ، كما ملئت ظلماً وجوراً ، لا تنهب - أو لا تقتضي - الدنيا حتى يملك العرب ، رجلاً من أهل بيتي ، يواطئ اسمه اسمي» [

حديث حسن صحيح - رواه أبو داود (٤٢٨٢) كتاب المهدي، وتبرمذي (٢٣٤٥)]

‘Abdullāb bin Mas‘ūd reportet the Prophet – may peace be upon him – as saying: If only one day of this world remained, Allāb would lengthen that day, till He raises up in it a man who belongs to me or to my family whose father’s name is the same as my father’s, who will fill the earth with equity and justice as it has filled with oppression and tyranny. The world will not pass away before the Arabs are ruled by a man of my family whose name will be the same as mine. (Related by Abū Dāwūd, a sound hadīth, and at-Tirmidhī.

Yes, everywhere there is trouble. Man is killing man, man is fighting with man and Allah Almighty has forbidden that. He wants to prevent His servants from doing bad things, dirty things, and He says, “If you do bad things and make trouble on earth, I will give you your punishment from among yourselves. Then you should be ‘democratic’ people.”

Yes, people are saying, “We must be in different parties. There is the Labour Party, and then the Traders’ party, then the Poor People’s Party, and the Rich People’s Party, and Shayṭān is putting them against each other and he says, “This is the best life, the best life-style!”

They think that what they are doing is the best way for civilisation. Everything they are doing is bad and dirty and they say, “Through democracy we have reached the top point of civilisation.”

Democracy must be brought down. If mankind wants to live peacefully, they must kick out democracy. Allah Almighty never said in His Holy Books that people should form ‘Parliaments’ or ‘Democracy’. Allah Almighty has sent His divine orders and they must be followed! He doesn’t allow you to make earthly orders and oppress people and kill the poor and the weak. This is what began with the French Revolution.

They took away the power that had been granted to Kings and Sultans. They took it away and gave it to the worst people on earth. They had been in the Bastille prison and they did such things that beasts had never done.

And people now are still following this dirty way and cheating each other, saying, “This is a party on this way, this is a party on that way” and they are quarrelling. When one comes to power after a while the other party says, “That person is not good, we must take him away and we must be in power.” That is what is going on now.

As long as mankind is not getting rid of shayṭānic democracy, they will never be able to live peacefully, they will never be good and they will never be able to reach Paradise.

And I am sorry to say that Muslim countries particularly are not following the holy Orders of Heaven and are making so many Parliaments and bringing nonsense orders, trying to put people under their feet and continue on their way, doing everything to live a high life for themselves and to make everybody else under their feet. And they are using every means to do that.

In the Holy Qur’ān Allah Almighty explained the rules of Pharaoh. Shayṭān was the teacher of Pharaoh’s rules and telling them, “You must put people under your

feet, so that you should be at the top and make yourself into Gods. Don't let people raise their heads or ask anything about their rights. Make their rights and their heads under your feet.”

This is a summary of the 21st century and everywhere you can find the situation this way. Only Allah Almighty may send heavenly orders to His servants so that they can live peacefully, but Shayṭān says, “Don't believe it. Do everything as you like, make yourself number one and give this the name 'highest civilisation'.” But everywhere is in flames, everywhere is in ruins, everywhere there are crises.

Why don't you ask, “How can we deal with this crisis?” Come to me, I may tell you! I am like a zero on the left side, but I can show all nations, all mankind, how they can deal with the crisis and how to live on earth peacefully. I am that one who may kill Shayṭān! And I am the weakest servant! Shayṭān is thinking that it is so powerful – no! No! Someone at the lowest level may do something against Shayṭān and its followers and make their buildings into ruins.

Oh people, you must believe and you must follow the Holy Qur'ān. And I am shouting first to Muslim countries, including our country here also. They are not taking any care of the religious factor in their laws. And if they don't take care of the religious factor, they should be taken away. There will be no way for them to save themselves here or hereafter.

May Allah send us someone from His Divine Presence. Someone He has promised to send us! And he will take away all the followers of the ways of Pharaoh, all the followers of the ways of Shayṭān, all the followers of the ways of oppression. That Divine person should take them away.

Oh people, welcome to you, although you are only a handful of people ... This world has now perhaps 5 or 6 billion people, but

they are becoming less and less until that huge number will become a small number.

Oh people! Whoever is asking to be in safety here and in eternal life in their Lord's Divine Presence, must follow heavenly orders and throw democracy out and bring back Sultans and Kings who are asking only to follow Divine Orders on earth.

May Allah forgive us and them. May Allah take away the heaviness from people and put it on those cursed people. They should be taken away. Oh people, use your good will and your minds in the right way. Think about what you have heard, then you should be in peace and enjoyment here and hereafter for eternity.
