MAULĀNĀ SHEIKH NĀZIM AL-HĀQ QĀNĪ, Lefke, Cyprus,
Sohbet after *Jumu'a*, ~ 4th *Rajab* 1430, Friday, 26th June 2009

As-salāmu 'alaikum!
Madad, yā rijāla llāb
Madad, yā ṣāhib al-waqt.

As we know all prophets, peace be upon them, met with people and made sohbet, association. This is our way. From the beginning until the end. And everything began with Sayyidinā Adam.

(To Sheikh Hisham:) May I speak English now or Arabic?

(Sheikh Hisham: English, Sayyidī, English!)

Tauba, Astaghfirullāb.
Madad, yā rijāla llāb!

I am asking for holy people. Holy people are selected people. They have chosen *maula*. Therefore they are holy ones. Those who choose *dunyā* are not holy, but are dirty and unholy.

And we are saying *salāmu 'alaikum. As-salām qabla l-kalām*. We are trying to follow the steps of the seal of prophets, the most glorified servant in the Divine Presence, who represents the Lord of creation, Sayyidinā Muhammad ﷺ – *zidhu 'izzan wa sharafan, nūran wa surūran wa riḍwānan wa sulṭāna*. Try to follow his steps!

We are saying first of all *A'ūdhu bi-llāhi mina sb-shayṭāni r-rajīm*.

We must declare that we are not followers of Shayṭān or Shayṭān's representatives. Now if you look you can see countless representatives of Shayṭān calling mankind to be disobedient, calling them to disobedience. Wherever you look you can find not only hundreds, thousands, or millions, but billions of people calling you to be disobedient to the Lord. And they say this is our civilisation. They think that, whoever fol-

lows Shayṭān or Shayṭān's representatives, is civilised.

I am sorry to say that the Muslim world is also asking for such a civilisation. They are not giving any value to Islam or Islamic heritage. They are not interested. They are saying there is a new life with a new civilisation. They are not happy to be part of Islamic civilisation but they want to be accepted by Non-Muslims and they become so proud if they can be seen as western people. In the way they dress, in their homes, in their family life, in their universities and schools, they are trying to follow non-Muslims, those who are against Islam.

There are so many holy verses in the Qur'ān telling Muslims not to follow the ways of non-Muslims. And it is surprising that it is mostly Arabs who are trying to be like western people. They don't want to bring life to our old civilisation when the Lord of heaven was happy with us. And I don't think that Allah Almighty is happy with Muslims now. I don't think so! No one can say that Allah Almighty is happy with the Muslim world, happy and pleased with Muslims who are only Muslims by name, but are not following traditional Islamic heritage.

Everything must be like the ways of non-Muslims ...

There is a rule that weak people want to be like powerful people. So this is a sign that the Muslim world feel that they are weak and western people are powerful. Therefore they think that they must follow them. And this is a completely wrong way of thinking, a wrong view that is covering the whole Islamic world. And they will be punished!

The Lord of heaven is making non-Muslims attack them and take control over them. To make them as their *usbak*, servants. 'Usbak' doesn't only mean 'servant' – that is their Muslim name –, but more than that, 'slave', someone to whom you can say:

"Come on! Bring me a whiskey!"

"Yes – yes Sir!"

Because Muslims are not becoming servants but worse than that. A servant has something, but slaves have nothing with them.

"Yes Sir! Yes Sir!"

That is the top point of slavery.

The non-Muslim world that follows western civilisation is making Muslims to be their slaves. And they are so happy to put Muslims down. And they are like sheep in their religion. And they are making it as an honour to follow western civilisation and they are trying to urge people in the Islamic world and change their minds and show them that they are someone and that they have the best civilisation.

They want to make Muslims as they are. But Muslims should be the patrons and they should be the servants.

Oh Muslim Ummah! If you live in western countries, they will come to you and ask, "Please come and work for us!" Say no! We are happy to eat dry bread with salt and not to work for you. That is honour for Muslims.

They say that western countries have the highest civilisation and that you can have anything in western countries. So many Euros: Euros Euros ... a hundred times Euros – they are reciting it like a *tasbīḥ*. Then the second is Dollar Dollar Dollar ... Then there is another, what is that? – "Oh Sheikh, you have forgotten their boss, their boss is Sterling."

Sterling is always the most valuable. Then the Dollar used to come, but then the US became very angry when the Europeans brought up the Euro against the Dollar! But what shall we do? That is their *Tasbīḥ*.

"And what did you dream tonight?"

"I had a dream, I was very happy, when I was sleeping. And when I awoke I quickly looked to see if I had anything in my hand.

In my dream someone put Sterling in my hand, pound after pound, but I was sleeping, so when I awoke I quickly looked just in case. Perhaps if I go to sleep again they will put something else in my hand.”

They are happy to have Euros, they are happy to have Dollars, but not happy with the Turkish Lira.

What we are saying is, that they are so proud. Oh western civilised people, *al-ḥamdulillāb*, we are welcoming hundreds or thousands of western people, who are accepting Islam and becoming Muslims.

But you cannot find anyone from the Muslim world to declare their belief in the Lord and his son and the holy spirit. No one who is Muslim will come and say he believes in the trinity. If there are three, there must be three thrones. Which one of them is giving the orders? Which of them are keeping those orders? I am sitting here in only one chair. If you put another one here it has no meaning. No!

Order is only for one! There is no partner for the Lord of heaven! The creator has no partner! He never accepts that! I am asking you: Did you ever hear about or read in books that in one country, one kingdom, that the father and his wife the queen and his son were all king? No! How can the Lord of heaven accept to be three? And they are so proud of their beliefs.

Come and believe in reality! And if you don't believe here today, tomorrow you must! They are displaying their material power and threatening our heedless people. They are saying they have so many missiles.

I was in Damascus when in 1945 the French army was bombarding the city. Perhaps at that time no one here was alive. There is a *mizlākḥ* or fortress from which the French army was bombarding the city. Yes! I was there at that time. One big shell came from the *mizlākḥ* up towards *jāmi' ul-abadī*, 'the eternal mosque'. Yaḥyā, Sayyidinā Yaḥyā

عليه السلام, John the Baptist, is lying there in *jāmi' ul-abadī*. His blessed head is buried there. The missile was coming towards him. And from nowhere one hand came out and took that missile and threw it away. We are not using our real power. But there should come a time, when we will say,

“*Allāhu Akbar, Allāhu Akbar, Lā ilāhā illā llāb, Allāhu Akbar, Allāhu Akbar wa li-llābi l-ḥamd!*”

Their science will be in ashes, it will be finished. They are using material power but we can use our spiritual power. It is so easy. If the *Awliya'*, who are always present in Damascus, order the Jinns or even one Jinn to take the warheads of all those missiles away, in one minute they will turn them all into smoke, and nothing will remain. We have power! But the heavenly command didn't come yet to destroy *bāḥil*, falsehood.

Be honourable! Say: We have been honoured to be Muslims! And when we believe, He is protecting us. A shelter here and hereafter. Oh people, this is the holy month of Rajab, *Rajab shabru llāb*, about which Allah Almighty says, “this month, this moon belongs to Me. And I will do as I like.”

And we hope that something will happen to make the weapons, *silāb*, of the non-Muslims to disappear. It should be! Time is over now. Time is over. The book of this time is reaching its last page, and we are just arriving at the Day of Resurrection.

Oh people, don't run after *dunyā* but try to be sincere servants of Allah Almighty. May your Lord protect you and grant you, and don't ask anything from western people. Leave everything to them and come back to your country. We shall see where they are going.

May Allah forgive us!

Allāh, Allāh! Allāh, Allāh! Allāh, Allāh!
‘*Azīz Allāh!*

Allāh, Allāh! Allāh, Allāh! Allāh, Allāh!
Karīm Allāh!

Allab, Allab! Allab, Allab! Allab, Allab!
Subhān Allab!

Allab, Allab! Allab, Allab! Allab, Allab!
Sulṭān Allab!

Sultan Sensin!

Sultan Sensin, yā Rabb! ...

Yā Rabbī yā Ghaffār! Aritbnā, yā Rabbī!

Bi jābi man anzaltabu Surata l-Fāṭiḥab! ◆

Five From Six

[continuation:]

Now there is another warning coming to me to declare to all people:

Now everyone uses perfumes to cover their sweat. They are using it so that the bad smell of their sweat doesn't reach people. Oh people, another warning is coming to me now, and it is that if you don't become obedient servants and accept holy commands, Allah Almighty will send a kind of sweat which smells so dirty that no amount of perfumes will cover it. And particularly Ladies at that time will try to escape from people to mountains and valleys so that people won't smell their dirty sweat. And it is coming to me that this is a worse punishment than dying by the pig's virus. This warning is coming. Oh people, keep yourself, because you won't find any perfume to cover that bad smell. Even if you get a bath in perfume, when you get out that same dirty smell will come from your body. May Allah forgive us.

It will be known, who is against heavenly laws, and who is with heavenly orders.

People who are following orders will not give off a bad smell, and perhaps will receive a good perfume from heaven. *Tauba astaghfirullāb.*

Do you understand or not? I am addressing all people in the world now. *Tauba astaghfirullāb.*

And after one week sending to them as a curse every time when they walk: “bapp, bapp”. Yes, like cars: “bapp, bapp,

bapp”. That will happen also. One who is responsible for that is telling me this now.

There is a *haber*, news, that when Abū Jahl came to wrestle with Rasūlullāh ﷺ, when Rasūlullāh touched him and put him on the earth the bone at the bottom of his back was broken. And after that Abu Jahl was always breaking wind like music, “bapp, bapp, bapp” ...

I am only telling you one drop from the ocean, oh, what is coming to people, and they are so proud with their disbelief, and they are not following the Prophet ﷺ, there is so much cursing coming on their heads.

May Allah forgive us. *Fatiḥab.*

For the honour of the Seal of Prophets ﷺ.
